Infosys – Systems Engineer

2027 Batch | Campus registration (off-campus access)

Role	Systems Engineer
Batch	2027 graduating batch only
Location	Across India (training at the Infosys Mysuru campus, as reported)
Pay	₹3.6 LPA (reported by portals; not printed on the form)
Last Date	Not published. Register as early as possible.

Eligibility

- Degree: BE / BTech, ME / MTech, MCA, MSc (5-year integrated) or MSc (Mathematics).
- Batch: 2027 only.
- Reported cutoffs: 60% in 10th and 12th, and 6.0 CGPA in graduation (stated by a job portal, not on the form itself).
- Academic gap of up to 2 years is reported as allowed.
- The form is titled as a campus registration, so follow any instructions from your college placement cell (TPO).

What the Role Involves

- Monitor and maintain live applications and resolve issues raised by clients.
- Maintain technical documents and work with project teams across locations.

How to Apply

https://surveys.infosysapps.com/r/a/SEcampusregistration2027batch

Open the registration form, accept the data-privacy declaration, verify your email with the OTP, and submit. There is no registration fee.

Skills Required (suggested)

- Programming: one language (Java, Python or C++) and object-oriented basics.
- Databases: DBMS concepts and SQL.
- Support skills: debugging, troubleshooting and clear technical documentation.
- Aptitude and communication for the online test and interviews.

Items marked (from listing) come from the job postings found online. The other items are general skills typically expected for this kind of role and are not part of the official posting.

Compiled on 1 November 2026 from job portals and official pages. Details can change, so verify on the official page before applying.
