Registration Guidelines

Please keep your resume and college ID card ready for upload. Kindly ensure that your resume includes the following details:

- Education Details: 10th (SSC), 12th (HSC), Diploma (if applicable), Under-Graduation, Post Graduation (if applicable)
- Institute Name
- University Name
- Year of Passing
- Score Details (CGPA or %)
- Course Type (Full-time / Part-time)
- Projects Undertaken
- Core Subject Proficiencies
- Certifications (if any)
- Internship Experience (if any)

Eligibility Criteria – Graduate Engineer Trainee, 2027 Batch

Qualification	2027 batch of B.E / B.Tech / M.E / M.Tech (all engineering branches), MCA, and M.Sc. 5-year integrated (CS & IT branches only). Full-time regular courses only.
Year of Passing	2027 pass-out batch.
Academic Gap	Up to 2 years allowed (across SSC / HSC / Diploma / UG / PG).
Minimum Marks	65% in 10th, 12th, Diploma (if applicable), UG and PG, as an aggregate of all semesters and subjects. CGPA is converted to % as per the respective university norms. Main or improvement exam scores are treated as final. If a candidate has done both HSC and Diploma, Diploma marks are considered.
Backlogs / Arrears	No standing arrears in current education during the recruitment process. For candidates awaiting re-evaluation results, the initially declared scores are considered.
Nationality	Indian citizens.
College / Institution	Must be UGC / AICTE / State Board approved only.
Pre-Employment Verification	No court proceedings and no conviction for any offence.

Self-Declaration (as per the eligibility document)

- The candidate meets all the eligibility criteria listed above.
- Any false information or misrepresentation during the selection process can lead to disciplinary action as per company norms.
- The candidate agrees to be flexible in learning emerging technologies and domains, to work in different schedules/hours based on business needs, and to be deployable to LTM work locations throughout their employment.

Skills Required (suggested for Graduate Engineer Trainee)

- **Core subject proficiency:** strong fundamentals in your own engineering branch or MCA / M.Sc. subjects (from JD).
- **Programming:** one language (Java, Python, C or C++), object-oriented concepts, basic data structures and algorithms.
- **Data & platforms:** DBMS and SQL, web basics, and an awareness of cloud and data technologies.
- **Learning agility:** willingness to learn emerging technologies and domains (from JD).
- **Practical exposure:** projects, certifications and internships shown on the resume (from JD).
- **Aptitude & communication:** logical reasoning, quantitative and verbal ability, clear written and spoken communication.
- **Flexibility:** ready to work varied schedules and be deployed across locations (from JD).

Items marked (from JD) come from the original JD text. The other items are general skills typically expected for this kind of role and are not part of the official JD.

Eligibility section compiled from the linked LTIMindtree document (Batch 2027 Eligibility Criteria & Declaration Form, dated September 23, 2026).
