SUMMARY

B.Tech (CSE – AI & ML) student at **LNCT Bhopal** with an **8.62 CGPA**, experienced in building **Full-Stack MERN applications** and integrating **LLM-based features**. Qualified **GATE 2026** (Data Science & AI) with a score of **409**. Solved **450+ DSA problems** and currently expanding backend development skills through **Spring Boot** and Java-based REST API development. Exploring **Generative AI** and seeking **Software Development roles** to contribute strong problem-solving and full-stack skills to real-world products.

EDUCATION

Year	Degree / Exam	Institute	CGPA / %
2027	B.Tech in CSE (AI and ML)	Lakshmi Narain College of Technology, Bhopal	8.62 / 10.0
2022	Senior Secondary (CBSE)	Little Angel Public School, Shivpuri	92%

SKILLS AND EXPERTISE

Languages	Java , Python, JavaScript , SQL
AI / ML	LangChain.js, OpenAI APIs, RAG-based Applications, Vector Embeddings, Prompt Engineering, Pinecone
Web Development	React.js, Node.js, Express.js, Spring Boot , REST APIs
Databases	MongoDB, MySQL
Tools & Platforms	Git, GitHub, Vercel, Render, Postman, JWT, VS Code

PROJECTS

RAG-Based AI Research PDF Assistant
Frontend / Backend | Feb'26 – Mar'26

React.js | Node.js | Express.js | LangChain.js | OpenAI API | Pinecone | Firebase Auth | Multer

- Built a full-stack RAG assistant for querying research PDFs, reducing hallucinations via GPT-3.5-turbo.
- Designed the LangChain.js pipeline: parsing, chunking, text-embedding-3-small, and gpt-3.5-turbo response generation.
- Secured document uploads via Multer, vector storage in Pinecone, auth via Firebase; deployed on Vercel and Railway.
- Tuned dynamic chunking and context-window control to improve answer relevance for large multi-page PDFs.

Second Brain | Full-Stack Knowledge Management System
Frontend / Backend / Live | Dec'25 – Jan'26

React.js | JavaScript | Node.js | Express.js | MongoDB | JWT | Vercel

- Built a full-stack JavaScript platform for saving, organizing, and securely sharing notes and links.
- Implemented JWT-based authentication and modular REST APIs for scalable, secure user session management.
- Designed normalized MongoDB schemas for User, Content, and Link entities, enabling efficient CRUD operations.
- Engineered token-based shareable public links, allowing users to instantly distribute saved knowledge resources.

Expense Tracker | Personal Finance Web Application
GitHub · Live | Aug'25 – Sep'25

React.js | Firebase Auth | Cloud Firestore | Chart.js | jsPDF | Tailwind CSS

- Built a personal finance tracker with secure Firebase authentication and real-time Firestore data sync.
- Implemented Google OAuth login and managed application state efficiently using the React Context API.
- Designed analytics dashboards with Chart.js to visualize monthly spending trends across categories.
- Added PDF export of financial summaries using jsPDF, with live listeners for instant dashboard updates.

HACKATHON

InternSetu | AI Internship Allocation Platform | Smart India Hackathon 2025
GitHub

National Govt. Hackathon | Team of 6 | Frontend Developer

- Developed the **React.js frontend** with role-based dashboards for **Candidate, Employer, and Admin** users.
- Built **20+ reusable UI components**, including forms, cards, and dashboards, using **Tailwind CSS** for a clean, responsive interface.
- Designed structured layouts to display **internship listings and candidate information** with an intuitive, user-friendly experience.

ACHIEVEMENTS

- **Qualified GATE 2026** | **Data Science & Artificial Intelligence (DA)** — **Feb 2026**
  Secured a **GATE Score of 409** with an **All India Rank of 5899** in the national-level examination.
- **Frontend Lead** | **Smart India Hackathon 2025 (College Level)** — **2025**
  Shortlisted among top teams at LNCT; led frontend development for *InternSetu*, an AI-powered internship allocation platform.
- **Competitive Programming**
  Achieved a **1600+ rating on LeetCode** and solved **450+ problems** across coding platforms, strengthening DSA and problem-solving skills.

CERTIFICATIONS AND CODING PROFILES

- **Data Structures and Backend with Java** | Board Infinity (Coursera) — View Certificate — **Mar 2025**
- **Database Management System (Part 1 & 2)** | Infosys Springboard — View Certificate — **May 2026**
- **LeetCode:** leetcode.com/u/Adarsh425 | **GFG:** geeksforgeeks.org/profile/adarshguptqcww — **450+ problems solved**
