## ABOUT

Aspiring Software Engineer and Computer Science undergraduate with a strong foundation in Java, Data Structures & Algorithms, and full-stack web development. Experienced in building responsive applications using React.js, Node.js, Express.js, and MongoDB, with hands-on experience in developing AI-powered and interactive web applications.

## EDUCATION

**Bachelor of Technology in Computer Science and Engineering** — **June 2023 – June 2027**
Lakshmi Narain College of Technology, Bhopal, India — CGPA: **8.04**

**Senior Secondary (CBSE)** — **April 2021 – March 2022**
Kendriya Vidyalaya, Nepanagar — **92.4%**

**Secondary (CBSE)** — **April 2019 – March 2020**
Kendriya Vidyalaya, Nepanagar — **77.8%**

## TECHNICAL SKILLS

- **Programming Languages:** Java, JavaScript, SQL
- **Core Java:** OOP, Collections Framework, Exception Handling, Multithreading.
- **Frontend:** HTML, CSS, React.js, Tailwind CSS
- **Backend:** Node.js, Express.js, Spring Boot
- **Databases:** MySQL, MongoDB
- **Developer Tools:** Git, GitHub, VS Code, IntelliJ IDEA, Postman
- **Core CS Fundamentals:** Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), DBMS
- **Soft Skills:** Teamwork, Leadership, Communication, Problem Solving, Adaptability

## PROJECTS

**1. AI Healthcare Chatbot** [Live]
*Tech Stack: React.js — Tailwind CSS — Node.js — Express.js — MongoDB — Monster API*

- Developed an AI-powered healthcare chatbot using the MERN stack and integrated the Monster API for symptom analysis.
- Implemented predictive functionality to provide personalized health insights and recommendations based on user input.
- Designed a scalable and responsive architecture to provide an intuitive user experience across different devices.

**2. Type Boost – Typing Test Application** [Live]
*Tech Stack: HTML — CSS — JavaScript*

- Developed a responsive web-based typing test application that enables users to assess and improve their typing speed and accuracy.
- Engineered dynamic word generation and real-time feedback to provide an interactive typing experience.
- Integrated performance analytics for typing speed and accuracy, validated by over **50 active users** during beta testing.

**3. WizardZ Creative** [Live]
*Tech Stack: HTML — CSS — JavaScript — GSAP*

- Developed a responsive digital agency website with structured sections for services, team information, and customer interaction.
- Implemented dynamic content behavior and responsive layouts using HTML, CSS, and JavaScript.
- Integrated animations and transition effects using GSAP to create an engaging and interactive user experience.

## ACHIEVEMENTS

- Represented **RGPV University** in Handball at the **West Zone Inter-University Tournament, 2025**.
- Represented the **KVS Bhopal Region** in Handball at the **KVS National Sports Meet, 2020**.
