GitHub: github.com/Kanika-bhevandia26

PROFESSIONAL SUMMARY

Computer Science undergraduate with a strong foundation in Data Structures, Algorithms, and Object-Oriented Programming. Demonstrated problem-solving ability through solving 500+ coding problems across LeetCode and GeeksforGeeks. Currently focused on Java development and software engineering fundamentals while building a deeper understanding of programming concepts, algorithms, and application development.

EDUCATION

B.Tech – Computer Science & Engineering
Lakshmi Narain College of Technology, Bhopal
2023 – 2027 | CGPA: 8.23/10

Class XII – Saraswati Shishu Vidhya Mandir, Khachrod (M.P)
88.4%

Class X – Saraswati Shishu Vidhya Mandir, Khachrod (M.P)
88.2%

TECHNICAL SKILLS

Languages: Java, C++ (Basics)
Frontend: HTML, CSS, JavaScript
Backend: SpringBoot, JDBC
Database: MySQl
Tools: Git, Github, Maven
Core Subjects: DSA, OOP, DBMS, Operating Systems

PROJECTS

NoteX – React Notes Application
Tech Stack: React.js, JavaScript, HTML, CSS

- Developed a modern note-taking application using React.js, allowing users to create, organize, and delete notes with persistent browser storage.
- Utilized React Hooks, component-based architecture, and Local Storage while designing a clean, responsive, and user-friendly interface.

Spotify Clone | HTML5, CSS3, JavaScript
• Developed a responsive Spotify-inspired music streaming interface with playlist navigation and music player functionality.
• Designed and implemented interactive layouts using HTML, CSS, and JavaScript.

To-Do Application | HTML5, CSS3, JavaScript
• Built a task management application with task creation, completion tracking, and deletion functionality using JavaScript DOM manipulation.
• Implemented dynamic UI updates to provide real-time task management without page reloads.

CERTIFICATIONS & ACHIEVEMENTS

- Solved 500+ DSA problems on LeetCode and GeeksforGeeks.
- Led and collaborated on academic projects, strengthening teamwork and problem-solving skills.
- Participated in a campus debate competition, demonstrating communication and critical thinking.
- Java Programming Beginner to Master - Udemy
