Class 12th MP Board (2020) **Percentage: 77.6%**

Class 10th MP Board (2018) **Percentage: 86.6%**

PROJECTS

Online Quiz Website | HTML, CSS, JAVASCRIPT

- The online quiz website is a web-based application developed using HTML, CSS, and JavaScript. It allows users to enhance their skills by attempting a set number of questions.
- The main goal was to create an interactive platform for users to participate in quizzes and receive their scores as rewards, motivating them to improve their knowledge. It is used to create an educational tool that allows users to take quizzes on different subjects.

Personal Portfolio Mehndi Website | HTML, CSS, JAVASCRIPT

- Designing and developed a responsive frontend using HTML, CSS and JavaScript, ensuring an optimal user experience across various devices.
- The primary goal was to create a platform where I could showcase my Mehndi designs while allowing visitors to provide feedback and users can book slots for their mehndi appointments through this website using a form to gather and store mehndi-related information.

Dhwani Music Website | HTML, CSS, JAVASCRIPT, PHP, MYSQL

- The platform aims to offer a seamless and engaging user experience for musienthusiasts, developed a music website with a searchable library by category, artist, or movie, featuring About Us, Sign Up, and Contact Us sections for enhanced user engagement.
- Used HTML, CSS, and JavaScript for frontend development. PHP and MySQL for backend scripting, user authentication, and database management.

SKILLS

- Programming Language : Java SE
- Web Technologies : HTML, CSS, JavaScript
- Databases : SQL
- Technical Subject : Basics of Data Structures, Object Oriented Programming, DBMS

CERTIFICATION

Fundamentals of Java Programming, Coursera
