Mohit Choudhary

ML Engineer

+91-9755355724 Moch45503@gmail.com linkedin.com/in/mohit-choudhary2115 github.com/Mohitchoudhary-glitch

Summary

Machine Learning Engineer skilled in Python, NumPy, Pandas, and Scikit-learn, with hands-on experience in developing predictive models and data-driven applications. Passionate about solving real-world problems using AI and ML technologies.

Skills

Python, Python libraries, Machine learning, Deep learning, GenAI, statistics for ML, Github, Google Collab, VScode, PyCharm

Projects

HealthIntel – ML-Powered Drug Prediction System *Live Project Link-* Link

- Achieved **95% cross validation score** using a Random Forest classifier after training and evaluating multiple machine learning algorithms for optimal performance.
- Performed Exploratory Data Analysis (EDA), feature engineering, and data preprocessing to improve model reliability and prediction accuracy.
- Developed a FastAPI backend to serve drug prediction results through RESTful APIs, enabling seamless model integration and scalability.
- esigned and implemented a Streamlit frontend for real-time user input, providing instant drug predictions along with an option to download a generated medical report.
- Evaluated using accuracy, precision, recall, and loss curves.

Customer Churn Prediction Model

- Built an ML-based churn prediction model to identify at-risk customers.
- Evaluated Logistic Regression, Random Forest, and XGBoost to select the best model.
- Performed EDA, feature engineering, and data preprocessing to improve accuracy.
- Developed a FastAPI backend to serve churn predictions via REST APIs.

• Awards & Certifications

- Computer Science undergraduate with hands-on experience in Data Analytics and Generative AI. Completed Deloitte Data Analytics Job Simulation and Google Cloud–powered Introduction to Generative AI Studio. Skilled in Python, data analysis, and applied machine learning concepts.Python essential libraries.
- CSE undergraduate certified by Google Cloud in Generative AI Studio with skills in Python and Data Analytics.

Education

B.Tech. Computer Science **Graduated: 2028**

RGPV University, Bhopal
