ANKIT KUMAR

Bhopal, Madhya Pradesh, India
ankitkr813207@gmail.com — LinkedIn — GitHub — LeetCode

Professional Summary

Computer Science Engineering student with strong foundations in Java, Data Structures, and Web Development. Experienced in building full-stack academic projects, problem solving, and designing scalable software solutions using modern development practices.

Problem Solving & DSA

- Solved 200+ Data Structures and Algorithms problems across platforms, covering arrays, strings, recursion, linked lists, stacks.
- Completed 100+ structured DSA practice problems with a strong focus on problem solving, time complexity, and clean coding practices.
  LeetCode

Projects

Shopping Website — HTML, CSS, JavaScript, DummyJSON API *01/26-current*

- Developed a front-end e-commerce web application displaying products dynamically using DummyJSON API.
- Implemented product listing, product detail views, and interactive UI components using vanilla JavaScript.
- Applied responsive design principles with HTML and CSS to ensure cross-device compatibility.
- Focused on API consumption, DOM manipulation, and clean UI/UX practices.

Task Manager Web App Live Demo (GitHub Pages) *12/25 - 01/26*

- Developed a ticket and task management web application to create and organize tasks dynamically using vanilla JavaScript.
- Implemented task creation, inline editing, deletion, and color-based categorization with interactive UI components.
- Applied dynamic DOM manipulation and event handling to update the interface in real time without page reload.
- Focused on clean UI behavior, state management, and user-friendly interactions for better task organization.

Education

Bachelor of Technology (BTech) – Computer Science Engineering Sep 2024 – Sep 2027
LNCT Group of Colleges, Bhopal, India
CGPA: 7.5

Diploma in Computer Science Engineering 2019 – 2022
Government Polytechnic College, Munger, India
CGPA: 7.84

Class X (10th) 2019
High school beldiha banka Bihar
Percentage: 63%

Technical Skills

Languages: C , C++ ,Data Structures and Algorithms using java
Web Technologies: HTML, Tailwind CSS, JavaScript, Node, React
Development Areas: Front-End Development, Back-End Development, Software Engineering
Core Skills: Problem Solving, Object-Oriented Programming, Efficient Code Design

Certifications

- 45 Days Coding Challenge – Coding Thinker
- Java Skill Certification – One Roadmap
- JavaScript Essentials 1 – Cisco Networking Academy
